Guidelines for the participants:

The starting list of participants and the time schedule of performances is published in the separate document, which has been sent by e-mail and published on webpagel!

NB! The organizers have a right to make necessary adaptations in time schedule noticing participants on site. If your dog will be in heat during the test, please inform us immediately!

Participants should be at the meeting point and report at least 1 hour before their area search time and at least 30 minutes before their obedience time.

Participants must have their work book and veterinary passport with the valid vaccinations. In case of absence required documentation, it will not be possible to attend the test.

Driving instructions to Pihali:

Drive Pärnu Road (E67) till Kernu and turn to the Kernu-Kohila Road (220). After ca 5 km you have passed the border of Harjumaa and Raplamaa county and reached to Pihali. Examination place and obedience field is situated at Risti farm, next to the main road, please park your car next to the small road close to the fence/border. **Parking in the obedience field area is not allowed!**
